

Aditya Singh

Computer Science Engineering Student | Data Analyst

Firozabad, Uttar Pradesh | 9760709274 | aditya.singh3105@gmail.com | linkedin.com/in/aditya-singh-750481323 | github.com/aadii1108

1 PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience as a Data Analyst Intern at Policybazaar.

Worked with SQL, AWS

Athena, AWS QuickSight, lead-flow analysis, assignment performance metrics and business dashboards.

Strong foundation in C, C++, Python, data analysis, problem-solving and debugging, with practical exposure to Pandas, NumPy, Matplotlib, Jupyter Notebook and Apache Spark.

2 EXPERIENCE

Policybazaar | Data Analyst Intern

2026 | 45 Days

- Worked on SQL-based data analysis and reporting using business and lead-level datasets.
- Used AWS Athena for data extraction, filtering, aggregation and analytical reporting.
- Built and analyzed AWS QuickSight dashboards to monitor lead flow, assignment gaps and LPA-related performance metrics.
- Analyzed assigned vs. unassigned leads to identify gaps and investigate possible causes of assignment differences.
- Performed city, source, UTM, customer-fill and other dimension-level analysis to understand changes in lead and assignment performance.
- Converted analytical findings into dashboards and actionable business insights.

3 TECHNICAL SKILLS

Programming	C, C++, Python
Data Analysis	Pandas, NumPy, Jupyter Notebook
Visualization	Power BI, Excel, Matplotlib, AWS QuickSight
Database / Query	SQL
Cloud / Big Data	AWS Athena, Apache Spark
Data Structures	Arrays, Linked Lists, Stacks, Queues, Trees, Sorting & Searching
Tools	Git, GitHub, VS Code
Core	OOP, Computer Fundamentals

4 EDUCATION

B.Tech in Computer Science Engineering

Mangalayatan University, Aligarh | 2024–2028

5 PROJECTS

Lead Flow & Assignment Performance Analysis

Policybazaar Internship | SQL, AWS Athena, AWS QuickSight

- Analyzed lead flow and assignment performance using SQL, AWS Athena and AWS QuickSight.
- Analyzed assigned vs. unassigned leads to identify assignment gaps and possible causes.
- Performed city, source, UTM and customer-fill level analysis to understand lead and assignment performance.

- Converted analytical findings into dashboards and actionable business insights.

E-Commerce Customer & Sales Analysis Dashboard

Power BI | Excel | Data Analysis

- Built an interactive dashboard to analyze customer behavior and sales performance.
- Created KPI cards for Revenue, Profit, Orders and Quantity Sold.
- Performed category-wise, city-wise and product-wise analysis using visualizations.
- Implemented dynamic slicers and filters for reporting.

Sales Data Dashboard

Power BI | Data Visualization

- Created an interactive dashboard to visualize sales trends and performance metrics.
- Used charts, filters and KPIs for data analysis and improved data interpretation through visual reporting.

Number Guessing Game

Python

- Developed a command-line game using random number generation, loops and conditional statements.

Aditya Singh | Page 1

- Implemented input validation and feedback to improve user interaction.

6 ACHIEVEMENTS & ACTIVITIES

- Secured First Division in all semesters.
- Participated in university-level coding competitions.
- Volunteered in organizing college tech fest events.

7 CERTIFICATION

Data Visualization with Power BI — Microsoft & Great Learning | June 2026

8 INTERESTS

Travelling & Exploring New Places | Learning Emerging Technologies | Cricket & Badminton

9 PERSONAL INFO

Date of Birth | 11 August 2005

Nationality | Indian

Language Known | Hindi, English

Marital Status | Unmarried

Address | Village & Post Jarkhi, Tundla, Firozabad (283204)
